Dear Donor,

Namasthe! The destitute old age home called “Thriveni” which is currently functioning in Sri Poorna Mahameru Trust, Pallavaram, Chennai is more than 22 years old and can accommodate 40 elders situated on a 3600 sq ft plot with two floors. The elders are provided with free food, accommodation and medical aid. Their final rites are also performed by the trust. Due to ravages of nature and time especially after the cyclone in the year 2016, the building has become irreparable. Considering the fact of the condition and the constant requirement to open it to new admissions, it has been decided to demolish and reconstruct the old age home which will be friendly to senior citizen and accommodate more elders.

This project is in the initial stage. The structural design and securing the necessary approvals are under progress. The high level estimate for this reconstruction is expected to be around Rs. 1 crore. **Donors are humbly requested to support this charitable cause in the best possible way which includes financial assistance, material contribution, sponsoring a block, supporting through CSR and above all your moral support by spreading the cause.**

The trust is registered as per the Government norms and donations are exempted from tax under section 80G of IT Act. We are authorised to receive funds from overseas as the trust is FCRA compliant.

Donors are requested to visit our website for the online payment gateway and details on various other donation modes. **On fund remittance please send us an Email** with a mention that “Donation towards building reconstruction”

Looking forward for your support to this noble cause.
